WINTER 1991 Center for Urban Horticulture / Washington Park Arboretum / College of Forest Resources / University of Washington Vol. 8, No. 1

WINTERIZING

This begins the second quarter for our new Certificate program of urban horticulture classes. The response this fall was overwhelming and many classes filled early. We regret if you were unable to take the classes you desired, but remind you that all Certificate courses will be offered at least once each year. Class size must often be limited due to availability of teaching and lab space or to ensure a teacher-student ratio conducive to learning. Pre-registration and pre-payment are now required for all Urban Horticulture Courses. Public Horticulture Lecture Series programs do not require pre-registration, but $2 is requested at the door ($5 for Plant Palette Series).

CENTER NEWS

Fantastic Fall Festival

Thanks to all of you who helped with our first Fall Festival at the Arboretum this past October. It was a fun, busy day. We look forward to expanding next year's festival. If you have feedback regarding this event or wish to volunteer to help plan or work at the next Fall Festival, please give us a call.

New Staff

Although we regret to announce the departure of one of our staff, we are pleased to welcome two energetic new members to our team.

Larry Vickerman has recently begun a M.S. program in Continuing Education and Public Garden Administration. Larry earned his B.S. at Colorado State University. He will be assuming programming responsibility for many of the public lectures at CUH.

Jean Robins is serving as the Program Assistant (Temporary) for Continuing Education. Jean will work in this capacity until a permanent person is selected through the university. We thank Liz Balow for all her assistance in this position these past months.

Northwest Horticultural Society Lectures

Design will be the focus of the January 29, 7:30 p.m. NHS Lecture to be held at CUH. A panel of landscape architects, landscape designers and horticulturists will discuss design concerns relevant to Northwest gardens.

Dr. Jerry Franklin will discuss "The New Forestry" for the NHS lecture to be held March 19, 7:30 p.m., at CUH. Dr. Franklin is a UW Professor who has gained national recognition for his forest management proposals.

The registration fee for both lectures is $5 ($2.50 for students). Call the NHS office at 527–1794 for more information.

NORTHWEST FLOWER AND GARDEN SHOW

Beat the winter blahs by attending a premier horticultural event. The Third Annual Northwest Flower and Garden Show will be held at the Washington State Convention & Trade Center on February 15–18, 1991. Show hours will be 9:00 a.m.–10:00 p.m. Friday through Sunday, and 9:00 a.m.–7:00 p.m. on Monday. A Preview Party will be held Thursday evening. Special ticket options available this year include a senior citizen discount, two-day passes, group passes and special After-Dinner Hours ticket prices.

Certificate Program Review

If you are new to CUH or a long-time supporter who is still just a little baffled by our new Certificate program, then read on for a short review. The Urban Horticulture Study Certificate Program is a non-degree, non-university credit curriculum of study. The Certificates to be awarded are through CUH, and the six categories of study are: Plant Science, Woody Plants, Woody Plant Management, Herbaceous Plants, Pest Management, Special Topics. Classes in each group are comprehensive, hands-on offerings. Every course will be offered at least once each calendar year and during the most appropriate season possible (for example—pruning during the dormant season, weed management during the summer). Testing is required prior to earning a Certificate. However, please note that all courses are open to anyone and testing is required only if you wish to earn the Certificate. There is no time limit for completing the required course within a category group. All Certificate-earning courses will be so designated in the class description section of the newsletter.

Certificate Program Testing

For those persons wishing to take the exams necessary to earn their Urban Horticulture Study Certificate, please note the following testing schedule:

Certificate exams will be offered the first Monday of each month, Noon–8:00 p.m., Miller Library, CUH. Winter quarter dates are January 7, February 4, March 3. When you arrive, ask the library staff for the exams you desire. Exams must be completed in the library; return to any staff member before leaving.

PUBLIC HORTICULTURE LECTURE SERIES

One hour lectures. $2, payable at the door, is requested for those lectures held at CUH. Parking at CUH is in a University lot; individuals are responsible for their own parking fees (75 cents).

PLANT ENTHUSIAST

Normally held the second Wednesday of each month, 10:00 a.m., CUH. However, NOTE THE TIME CHANGE FOR FEBRUARY'S PROGRAM.

Carnivorous Plants

January 9

Not quite the voracious man-eaters of "The Little Shop of Horrors" fame, these plants are both unique and beautiful. Tom Kahl discusses the selection and care of these fascinating plants and brings along specimens for your examination and enjoyment.

Dwarf Conifers *NEW TIME*

SPECIAL TIME—this lecture only!

February 13, 7:30 p.m.

Limited space in your landscape? Come learn what's currently available in dwarf conifers from nurseryman Gordy Hallgren. Both slides and live specimens will be used to illustrate the selection, care and landscape function of these plants.

Heaths and Heathers

March 13

Join Art Dome as he discusses these Northwest favorites. Landscape uses and interesting and appropriate selections of heaths and heathers will be covered in this exciting slide presentation.

PLANTS AND GARDENS OF THE WORLD

Third Monday of each month, 7:30 p.m., CUH.

Plantasia Italiano

January 21

In this tour of central and southern Italy, visit Renaissance landscape gardens such as the "Sacro Bosco" di Bomarzo, Villa Lante in Bagnaia, and the Palazzo Farnese with Dr. John Wott. Enjoy the tranquil beauty of natural parks and gardens of numerous villas and palaces.

English Churchyard Gardens

February 18

Landscape gardening is an important part of the cultural heritage of Great Britain. Elizabeth Rivers addresses historical, political, economic and social perspectives as she traces the transformation of English churchyards into todays public gardens.

Colombian Secrets

March 18

Join Larry Rueter as he explores the highlands of southern Colombia in search of the world's tallest palms, striped bamboo, and other unique highland plants. Experience the beauty of volcanic rims, lush valleys and the gardens of Cali and the Quindio province.

MASTER GARDENER

NOTE CHANGE OF DAYS FOR FIRST TWO LECTURES. Held at 7:30 p.m., CUH.

Fruit Trees for Small Gardens

Thursday, January 10 *NEW DAY*

Want a fruit tree at home but have limited space? Review the myriad of fruit tree options available for small spaces with a Master Gardener. Learn how to select varieties, rootstocks and more. Start enjoying the fruits of your own labor!

Spring Garden Diary

Thursday, February 7 *NEW DAY*

Newcomers and oldtimers alike are often confused about what spring garden chores need doing and when to do them. Master Gardener Ciscoe Morris follows up his popular Fall Garden Checklist program with this diary of what, when and how to begin the new home gardening season.

Divide and Conquer

Friday, March 8

Join us for this chance to get your hands dirty as a Master Gardener demonstrates how to properly divide and replant your perennials. This information on why, when, and how to maintain your perennials will motivate you to return home and get gardening.

BROWN BAG GARDEN TALKS

First and third Wednesdays of each month, 12:10–12:50 p.m. Usually held in the HUB, room 304, UW campus. FREE.

Winter Twig ID

January 16

Are you lost once the leaves fall off? Join Deborah Dracobly and learn to identify and appreciate the winter beauty of deciduous trees and shrubs by their unique twig, bud and bark characteristics. Meet in HUB 304, but be prepared to go outdoors if the weather permits.

The Language of Flowers

February 6

Surviving from the Victorian era is a unique language of thoughts, feelings and wishes expressed through gifts of flowers and herbs. Join us for this look at how to "say it with flowers."

Raising Transplants at Home

February 20

Anxious to get back out in the garden? Think spring and get a jump on the season by learning how to start seedlings at home. Dr. Arval Morris teaches techniques for getting your garden going.

Conifer Walk

March 6

An exciting array of coniferous species thrive in our cool mediterranean climate. How many do you recognize? Join Larry Vickerman for this walk highlighting campus conifers.

Meet at the Botany Greenhouse.

Winter Weed Walk

March 20

Ready, aim, manage! Learn to recognize early season weeds for better management and control. Sarah Gage follows up on her popular summer weed walk with this look at some of our late-winter weedy invaders.

Meet at the Botany Greenhouse.

URBAN HORTICULTURE COURSES

Parking at CUH is in a University lot; individuals are responsible for their own parking.

CUH CLASSES

You must PRE-REGISTER for all CUH classes. Registrations will not be confirmed until payment is received. Be advised that classes often fill early.

Certificate courses are asterisked, with explanations at the end of class listings.

Botanical Illustration

Botanical Illustration is a form of art that strives for both beauty and accuracy of detail. Learn the techniques of 18th and 19th century illustrators from experienced local artists. Art supplies not included; list of materials needed will be provided.

INSTRUCTORS: Jean Emmons and Margaret Davidson
DATES AND TIMES: January 12 & 19; 10:00 a.m.–4:00 p.m.
LOCATION: Graham Visitors Center, WPA
FEE: $48

Grafting Fruit Trees

Learn to expand your home fruit orchard varieties by grafting onto established trees or new rootstock. Techniques for successful grafting will be practiced in this hands-on class. Scions of popular fruits will be available to take home.

INSTRUCTOR: Ed Lewis
DATE AND TIME: February 9, 10:00 a.m.–Noon
LOCATION: CUH
FEE: $10

Eggciting Colors

Natural plant dyes can provide a beautiful palette of earthy colors for decorating Easter eggs. Learn how to prepare and use these dyes and practice silhouetting techniques in this hands-on class.

INSTRUCTOR: Dave Stockdale
DATE AND TIME: March 27, 7:00–9:00 p.m.
LOCATION: CUH
FEE: $8

Highfalootin Hypertufa!

Need a "stone" trough for those alpine plants or a textured pot for the patio? Learn to make your own simulated stone planter from a peat moss and cement recipe known as hypertufa. Students will construct a small container during class and gain skills for making larger or more varied containers at home.

INSTRUCTOR: Barbara Selemon
DATE & TIME: February 23, 9:00–11:30 a.m.
LOCATION: CUH
FEE: $15

Garden Equipment and Tools****

Do you know the proper way to use a power edger? When to service your mower? How to select a quality hand tool? Learn to select, use and care for a wide variety of manual and power horticultural tools and equipment.

INSTRUCTOR: David Zuckerman
DATES AND TIMES: January 24, 7:30–9:00 p.m.; January 26, 9:00 a.m.–Noon
LOCATION: Graham Visitors Center, WPA
FEE: $18

PLANT PALETTE

Plant Palette lectures/field trips are held Saturdays at the Graham Visitors Center, Washington Park Arboretum, 9:00–11:00 a.m. **Registration is $5,** payable at the door. No pre-registration required.

Witch Hazels in Winter

January 19
Graham Visitors Center, WPA

The exotic and fragrant blooms of *Hamamelis,* the witch hazel family, are often the highlight of a winter garden. Tim Hohn will discuss the culture, use and available selections of these favorites. A field study of the Arboretum collection will conclude this session.

The Majestic Pines

February 16
Graham Visitors Center, WPA

Beautiful and majestic, pines can be a great addition to a Northwest landscape. Dr. Linda Brubaker will lead this lecture and field examination of the Arboretum Pinus collection. Landscape functions and choices will be discussed.

REGISTRATION FORM

Urban Horticulture Courses

COURSE	FEE	STUDENT NAME(S)	TOTAL
			$

CHECK ENCLOSED FOR $_____

Checks payable to University of Washington. No bank cards. Registrations filled in order received. Limited class enrollment; classes fill rapidly, so register early. Portion of fee may cover refreshments and speaker expenses.

Refunds: Requests must be in writing or in person. Requests received 7 days or less from first class meeting have a $3.00 handling fee deducted. No refunds after the first class meeting.

A Gift of Learning: Give a gift certificate in the amount of one of the courses. Call 685–8033 for details.

Home Greenhouse Selection and Installation*****

How big? What materials? These are just two of the questions to consider when buying or building a home greenhouse. Learn to make appropriate choices for selecting and installing the home greenhouse most suited to your site and horticultural goals.

INSTRUCTOR: Sharon Buck
DATE & TIME: February 2, 9:00 a.m.–Noon
LOCATION: CUH
FEE: $15

Fundamentals of Plant Recognition*

Learn the basic descriptive terminology of plant parts and how to communicate clearly and correctly using plant names. Study the biological basis for plant classification in nature and cultivated plants. Great practice for future plant identification classes.

INSTRUCTOR: Dr. Clement Hamilton
DATE: February 5 & 7, 7:00–8:30 p.m.
LOCATION: CUH
FEE: $5

Evergreen and Deciduous Shrub Pruning Basics**

Why, when and how should you prune your shrubs? Find out while gaining hands-on experience in pruning evergreen and deciduous shrubs during this comprehensive class.

INSTRUCTOR: Ciscoe Morris
DATES AND TIMES: February 28, 7:30–9:00 p.m.; March 2, 9:00–11:30 a.m.
LOCATION: **Varies:** February 28 at CUH; March 2 at WPA
FEE: $20

Small Tree Pruning**

Proper pruning and training can keep your trees healthier, safer and more attractive; bad or ill-timed pruning can destroy them. Learn how, when (and when not) to prune small landscape trees in this hands-on class.

INSTRUCTOR: Chris Pfeiffer
DATES AND TIMES: March 7, 7:00–9:00 p.m.; March 9, 9:00 a.m.–Noon
LOCATION: **Varies:** March 7 at CUH; March 9 at Graham Visitors Center, WPA
FEE: $20

Perennial Garden Maintenance***

A beautiful border or handsome bed requires well-timed attention. Learn such garden maintenance tasks as site preparation, planting, mulching, dividing, pruning and staking.

INSTRUCTOR: Lynda Ransley
DATES: March 16, 8:30 a.m.–12:30 p.m.
LOCATION: CUH
FEE: $16

Container Gardening*****

Big things come in small packages—or pots! Learn about container selection, soil mixes, planting and transplanting techniques, design considerations, maintenance concerns and more in this comprehensive course. Students will complete a container to take home.

INSTRUCTOR: Sharon Buck
DATES AND TIMES: March 26 & 28, 7:00–9:30 p.m.
LOCATION: CUH
FEE: $28

Conifer ID*

Learn to identify the wide variety of native and exotic conifers utilized in Northwest landscapes. One lecture and two field sessions at the Arboretum/UW Campus will provide the opportunity to study the ornamental and landscape characteristics of over 50 conifer species.

INSTRUCTOR: Dr. Art Krukeberg
DATES AND TIMES: March 27, 7:00–9:00 p.m.; April 6 & 13, 8:30 a.m.–Noon
LOCATION: Varies; first meeting at CUH
FEE: $25

***Class open to anyone; also qualifies for the Woody Plants category of the Certificate program.**

****Class open to anyone; also qualifies for the Woody Plant Management category of the Certificate program.**

*****Class open to anyone; also qualifies for the Herbaceous Plants category of the Certificate program.**

******Class open to anyone; also qualifies for the Pest Management category of the Certificate program.**

*******Class open to anyone; also qualifies for the Special Topics category of the Certificate program.**

FOOD GARDENING SERIES

LOCATION: Seattle Tilth Gardens at the Good Shepherd Center
FEE: $12 per class; $43 for all four
Take any course separately or receive a $5 total discount (over 10%!) if you enroll in all four.

Healthy Soil, Healthy Plants

Productive gardens start with good soil. Learn the basics of soil management, including making and using compost, mulching, cover crops, and organic amendments in this hands-on class.

INSTRUCTOR: Howard Stenn
DATE & TIME: March 16, 9:30–11:30 a.m.

Getting Started Starting Gardens

From artichokes to zucchini, propagating and transplanting crops correctly is the key to a productive year-round garden harvest. Come discover the techniques of intensive cropping, starting seeds indoors and outside, windowsill greenhouses, taking cuttings, use of coldframes and more.

INSTRUCTOR: Howard Stenn
DATE & TIME: March 16, 1:00–3:00 p.m.

Sound Garden Management

Whether you garden "organically" or use synthetic fertilizers and pesticides, sound horticultural practices can minimize potential problems and make crop management easier. This class will cover garden planning, varieties, crop rotations, fertilization, hygiene, irrigation and pest management.

INSTRUCTOR: Howard Stenn
DATE & TIME: March 23, 9:30–11:30 a.m.

Intensive Food Gardening

Grow tomatoes and hot peppers, and harvest salad greens year-round! Learn the intensive home gardening techniques necessary for success, including planning, timing, successional sowing and harvesting, variety selections and use of cold frames. Make the most of what you have.

INSTRUCTOR: Howard Stenn
DATE & TIME: March 23, 1:00–3:00 p.m.

ARBORETUM NEWS

The winter season provides a peaceful solitude for users of the Arboretum—a time for quiet appreciation. Throughout the Arboretum, the winter landscape reveals many subtle contrasts—colorful bark, fruits and flowers are highlighted by a background of evergreens. Graceful forms of deciduous plants are delicately silhouetted against the somber winter sky. Delicate, fragrant flowers unfurl against all odds.

The Joseph A. Witt Winter Garden, located southwest of the Graham Visitors Center, showcases many plants of seasonal interest and is the perfect destination for a winter stroll.

Continuing Education Staff

John A. Wott, Associate Director, CUH
Dave Stockdale, Coordinator (CUH)
Lynda J. Ransley, Coordinator (WPA)
Rebecca Johnson, Building Services Coordinator
Jean Robins, Program Assistant (Temporary)
Larry Vickerman, Graduate Student

Tours

For an in-depth look at the Arboretum in winter, join one of our free public tours. These tours leave from the Graham Visitors Center; no registration is necessary.

Every **SUNDAY AT 1:00 p.m.,** Arboretum guides lead tours highlighting plants of seasonal interest. This is a special way to treat yourself or your out-of-town guests!

For plant enthusiasts, an **EXPLORERS' WALK** is offered the fourth Wednesday of every month from 10:00 a.m. to Noon.

Special guided tours of the Arboretum can be scheduled. Tours for school classes, garden clubs, and other interested groups can be arranged with three weeks advance notice. Call 543–8800 for further information.

Graham Visitors Center

The Graham Visitors Center is open weekdays from 10:00 a.m. to 4:00 p.m. and from Noon to 4:00 p.m. on weekends. Volunteers are on duty to answer your questions about the Arboretum and to help you plan your visit. The Arboretum Foundation's gift shop is filled with interesting items for sale. If you are interested in getting more involved at the Arboretum, call 543–8800 for information about our exciting volunteer opportunities.

The Washington State University **MASTER GARDENERS** will be at the Graham Visitors Center this winter—every Sunday, from Noon to 4:00 p.m. to answer your gardening questions.

ARBORETUM FOUNDATION NEWS

Flower Show Preview Party

The Arboretum Foundation will again be sponsoring a Preview Party for the Northwest Flower and Garden Show. The Preview Party will be held on Thursday evening, February 14. For more information or to purchase tickets, please call 325–4510.

Book Sale

The Arboretum Foundation Used Book Sale will be held from 11:00 a.m.–4:00 p.m. on March 2, and 10:00 a.m.–1:00 p.m. on March 3. Come search for old favorites, rare editions or new treasures in this annual event held at the Graham Visitors Center.
